Chassis Number 860183 (no brass plate on car)  
Registration V5 and other documents available

Specification Right hand drive - home market specification  
Eligible for listing in Jaguar Drivers' Club E-Type Register  
Owner is to submit details in due course.

Engine number R 3675-9  
Cylinder head replaced with 'gold top 3.8' replacement in 1988  
at time of complete engine overhaul.  
Understood to run well with maker's oil pressure.

Body Original FHC specification.  
Repaired and overhauled to good roadworthy standard. Solid.  
No evidence of corrosion visible.

Original equipment Original Radiomobile  
Jaguar seatbelts (fitted at rebuild)

Paintwork Gunmetal grey cellulose paint, reasonable standard, good usable,  
applied by owner during rebuild 1987-88

Chrome Original. Presentable but imperfect.

Wheels and tyres Painted 15" wire wheels. Steel braced SR rated tyres.

Glass Good condition. Clear. Undamaged.

Trim Headlining in good condition.  
Black dash covering in good order.  
Aluminium etc. all good  
All instruments work.  
Interior carpeting and trim panels, crimson, in well used/worn  
condition. Parts missing.  
Original specification leather seats, leather worn, some tears.  
Vehicle would benefit from full retrim, but although well worn the  
interior is 'usable', but not good usable.
